How much does a SSAS cost? Provider fees compared, 2026

This PDF replaces the November 2022 table that used to be at this address. It is a copy of the page my-ssas.co.uk/ssas-pension-table-showing-best-ssas-providers, with every fee checked on 5 and 6 October 2026. Fees change, so always ask the provider for its latest fees. General information only, not advice.

By Steve Hunt ACII TEP · Last checked 6 October 2026

The short answer: we checked the current fees of ten providers. For a SSAS with two members, the yearly fee is **£800 to £2,420, plus VAT**. Most also charge initial costs. Of those we can price, the highest in our simple example is £2,100 plus VAT. With VAT, the yearly fee is £960 to £2,904, and the highest initial cost we can price is £2,520. The lowest yearly fee is £800, from SSAS Pensions Limited and Whitehall Group.

How we compared them

We took one simple example and priced it the same way for every provider.

- A **new** SSAS with **two members**.
- It holds a **bank account and one investment portfolio**. No property, no loans.
- We show the **yearly fee** and the **initial costs** separately. Initial costs are the set-up fee, plus any fee to open the investment account or make the first investment.
- The table starts with the lowest yearly fee, because that is the fee you keep paying. Where two yearly fees are the same, the providers are in alphabetical order.

Some providers charge the yearly fee in advance, at the start of the year. Others charge it in arrears, after the work is done. So ask when the first one is due.

Every figure comes from the provider's own fee schedule, price page or written confirmation, checked on 5 and 6 October 2026. Highstone's fees, and Mattioli Woods' property and loan fees, were checked again on 10 November 2026. Fees change, so always ask the provider for its latest fees before you sign.

Steve's current referral provider: Highstone

I currently refer SSAS clients to Highstone, run by Paul Davies. Its yearly fee covers up to four members and includes the Scheme Administrator and Independent Trustee roles.

If you go ahead with a SSAS provider I introduce you to, the provider may pay me a fee. Paul and I do refer clients to each other.

The table: yearly fee, lowest first

All figures are for two members, before VAT. The second figure includes VAT at 20%.

Provider	Yearly fee	Initial costs in our example	What makes up the fees	Source
SSAS Pensions Limited	£800 £960 with VAT	Not clear	Acts as special trustee. Its £440 installation fee may apply when an existing SSAS moves to it. Ask if a new scheme pays it too	Website (undated)
Whitehall Group	£800 £960 with VAT	£550 £660 with VAT	£500 set-up (up to 2 members) and £50 to open the investment account	Fee sheet, March 2026
SSASCo	£1,200 £1,440 with VAT	£1,200 £1,440 with VAT	£1,200 set-up. Yearly: £50 a month for each member	Website (undated)
Highstone (Steve's current referral provider)	£1,250 £1,500 with VAT	£1,000 £1,200 with VAT	£1,000 set-up and £1,250 yearly fee, each covering up to 4 members	Fee sheet, October 2026, sent to us by Highstone on 3 November 2026
Westerby Trustee Services	£1,410 £1,692 with VAT	£700 £840 with VAT	£350 set-up for each member. Yearly: £900 for the first member and £510 for the second	Fee sheet, July 2026
Day Cooper Day	£1,741 £2,089.20 with VAT	£1,078 £1,293.60 with VAT	£1,078 set-up. Yearly: £1,121 scheme fee, £181 for each member and £258 for the yearly returns	Fee sheet, 2026

Provider	Yearly fee	Initial costs in our example	What makes up the fees	Source
Howden (formerly Barnett Waddingham)	£1,770 £2,124 with VAT	£1,595 £1,914 with VAT	£1,250 set-up and £345 to open the investment account. The yearly fee is £2,045 if Howden is the only scheme administrator	Fee page, from 1 June 2026
@sipp	£1,819 £2,182.80 with VAT	£551 £661.20 with VAT	£551 set-up. Yearly fee covers up to 2 members	Fee sheet, Ref 04/26
SSAS Practitioner.com	£1,895 £2,274 with VAT	None	No set-up fee. Yearly fee covers up to 4 members	Website (undated)
Mattioli Woods	£2,420 £2,904 with VAT	£2,100 £2,520 with VAT	£2,030 set-up, and £70 for each standard investment transaction	Fee sheet, June 2026

Highstone does not publish its fees online. Paul Davies sent us the fee sheet and agreed that we could publish it. Day Cooper Day's price is for payment by Direct Debit. Howden only sets up schemes where it is the professional trustee and the scheme holds at least £200,000. SSAS Pensions Limited only takes schemes through a financial adviser.

Providers with older fee sheets

These providers publish fees, but the newest sheet we could find is from before 2026. We will add them to the table once they confirm their 2026 fees.

Provider	Yearly fee, before VAT	Set-up, before VAT	Fee sheet
InvestAcc	£850	£650	June 2024
Morhart Pension Services	£1,080	None	March 2025 (fees rise each year with wages)
GPC Premier SSAS	£1,315	£575	January 2025, assuming GPC acts as Scheme Administrator and a panel bank is used (fees rise every January)
Hartsfield Trustee Services	£1,440	£800	2024
Yorssas	£1,951	£1,050	February 2025

Providers we could not price

- **Part of the fee is charged by the hour:** Dentons Pension Management (£950 set-up, £220 to set up the portfolio, then hourly fees it estimates at £1,100 to £1,200 a year) and Talbot & Muir (set-up from £750, £1,945 a year, then hourly fees to open the investment account).
- **No set-up fee published:** SeaBridge SSAS (from £1,950 a year).
- **Fees on request only:** Alltrust Services, MDP Administration Services, Morgan Lloyd Trustees, PensionAdmin, SSAS Reviews and WBR Group.
- **We could not open the fee sheet:** DP Pensions and XPS Self Invested Pensions.

What to look at besides the price

- **Is a professional trustee included?** Westerby, SSASCo, Highstone and Howden include one in the fee. SSAS Pensions Limited acts as special trustee. Some others charge extra, or do not offer one.
- **Who is the scheme administrator?** This is the legal role that deals with HMRC. Some providers take it on. Others share it with the trustees, or only help them with it. See who runs a SSAS.
- **How many members does the fee cover?** Highstone and SSAS Practitioner.com charge the same for up to four members. Westerby and SSASCo charge for each member.
- **What do property and loans cost?** Most providers charge extra. For example, Highstone charges £750 for a property purchase and £500 for a loan. Mattioli Woods charges £1,190 for a property purchase, then £740 a year for each property. For a loan to your own company, it charges £280 an hour to set the loan up, then £370 a year.
- **Must cash be left in the bank account?** Whitehall asks for at least £1,000 (£5,000 if the scheme holds property or other hard-to-sell assets). Morhart asks for £1,500.
- **Do the fees rise every year?** Some rise automatically, for example with wages or prices. Ask before you sign.
- **Can you go to them direct?** Some providers only take schemes through a financial adviser.

No provider pays to be listed on this page. If you spot a figure that has changed, please tell us and we will correct it. See sources and corrections for what we changed and when.

My SSAS gives general information only. It is not advice or a personal recommendation. A SSAS is an occupational pension scheme, meaning a pension linked to an employer. It must be registered with HMRC to receive registered pension scheme tax treatment. If it has more than one member, it must also register with The Pensions Regulator. If you send an enquiry, it goes to Steve Hunt ACII TEP, who will contact you.
